

# 4Cs Weekly Activities June 20-24, 2022 Theme: Turtles

Monday	Tuesday	Wednesday	Thursday	Friday
<p style="text-align: center;">Literacy Activity:</p> <p>All About Turtles</p> <p>Watch this video or summarize facts about it for the children.</p> <p><a href="https://www.youtube.com/watch?v=xB0OodoGuUQ">https://www.youtube.com/watch?v=xB0OodoGuUQ</a></p> <p>Learn about sea turtles. The type of animal they are, what they eat, and many more fun facts about them. Learn about their life cycle and how they grow.</p> <p>Where do they live? How long do they live for? Why are their body parts important for them to live in the sea?</p> <p>Make a list of the children's questions and answer them as you learn together.</p> <div data-bbox="100 1182 420 1409" data-label="Diagram"> <p><b>Life Cycle of a Turtle</b></p> <p>The diagram shows a circular life cycle with four stages: Adult (a turtle), Eggs (a cluster of white eggs), Hatching (a small turtle emerging from an egg), and Juvenile (a small turtle). Arrows indicate the progression from one stage to the next in a clockwise direction.</p> </div>	<p style="text-align: center;">Math Activity</p> <p>Turtle Roll and Cover Game</p> <p>Materials: A copy of the attached document, a dice with either numbers or dots, and anything to cover the numbers on the game board.</p> <p>Game Rules: Print a copy of the document for each child. Have the child roll the dice and cover the number seen on the dice.</p> <p>The children will learn to count and recognize numbers. If multiple children play at once they will learn to wait and take turns as they pass the dice around.</p> <p>Optional: The children can color the turtle before they play or it can be laminated for future game reference. As well, the children can make their own game board by drawing a turtle and writing the numbers in by themselves.</p> <div data-bbox="478 1209 756 1364" data-label="Image"> <p>A photograph of three yellow dice with red pips and numbers. One die shows the number 5, another shows 3, and the third shows 4.</p> </div>	<p style="text-align: center;">Science Activity.</p> <p>Floating Sea Turtles</p> <p>Materials: Bottles caps/empty fruit cup containers, paint, googly eyes, green craft foam sheet, container for water play.</p> <p>Paint the bottle caps/empty fruit cup green or any color the child would like. Glue it to the foam sheet and cut an inch or two around it, leaving space for it to float. Then add googly eyes on top, let it dry. Fill a container with water and watch your turtle float.</p> <p>Talk about the facts you have learned in Monday's video. Ask the children what they remember or what they know about turtles.</p> <div data-bbox="835 1133 1197 1437" data-label="Image"> <p>A photograph of a blue plastic tub filled with water. Two floating sea turtle crafts are in the water. One is made from a red bottle cap and the other from a blue one. They are attached to green foam sheets. A text overlay in the top left corner reads "floating turtle or crab craft".</p> </div>	<p style="text-align: center;">Art Activity</p> <p>Paper Plate Turtle</p> <p>Materials: Paper plate, tissue paper, glue, googly eyes, construction paper.</p> <p>Have the child pick what color(s) they would like their turtle to be. Using their hands or scissors they rip/cut the colored tissue paper into pieces. Then they can glue those pieces on the back of the paper plate. After they have finished either the child or adult can cut arms, a head, and a tail to glue to the turtle. Lastly they glue the googly eyes on the head.</p> <p>Discuss what turtles use their shells for, why it is useful for them, and the importance of it.</p> <div data-bbox="1222 1172 1570 1383" data-label="Image"> <p>A photograph of a paper plate turtle craft. The shell is made of many small pieces of green and yellow tissue paper. It has googly eyes, green paper arms, and a green paper tail.</p> </div>	<p style="text-align: center;">Social Emotional</p> <p>Tucker the Turtle</p> <p>Read the story, print it and share it with your children.</p> <p><a href="http://www.decal.ga.gov/documents/attachments/PreKAtHome/TuckerTurtleatHome.pdf">http://www.decal.ga.gov/documents/attachments/PreKAtHome/TuckerTurtleatHome.pdf</a></p> <p>You can also watch the story together with your children.</p> <p><a href="https://www.youtube.com/watch?v=QbBlqEWjaAU">https://www.youtube.com/watch?v=QbBlqEWjaAU</a></p> <p>This story gives children a new way to deal with their feelings. If they're mad, sad, frustrated, annoyed, disappointed, uncertain. Think like a turtle and stop, tuck and think.</p> <p>Here's a fun song called "Tiny Tim"</p> <p><a href="https://www.youtube.com/watch?v=dpGJcY4brhs">https://www.youtube.com/watch?v=dpGJcY4brhs</a></p>
